

LOOK WHAT'S HAPPENING IN 2019!

HOSPICE 201

Hospice 201 is a new training designed for all Hospice staff. Hospice 201 expands on topics covered in our Hospice 101 session, giving the audience a better understanding of how the Medicare COP's should be carried out in the day to day operations to promote quality care and compliance in those areas that put you at risk for payment related scrutiny.

PALLIATIVE CARE BOOTCAMP

Palliative care boot camp is designed to give healthcare providers proven best practice tools needed to build and/or sustain a successful community based palliative care program. This interactive boot camp with our nationally recognized faculty, will not only provide the building blocks for a strong palliative care program but will allow participants to begin the process for evaluating their own program needs and serve as a stepping stone to accelerate the work in their organizations.

CARING CONFERENCE

The Caring conference is a 2-day conference which is designed for all disciplines involved in the family support of hospice patients. The topics are fresh, forward-thinking and relevant to your daily work with patients and their families.

HOSPICE VETERAN PARTNERSHIP SUMMIT

The Hospice Veteran Partnership Summit is a day of learning and networking designed for hospice & palliative care providers who serve veterans in their communities: chaplains, social workers, bereavement staff, volunteer staff, clinical liaisons and community educators.

DAY AT THE CAPITOL

The Carolinas Center Day at the Capitol is a statewide event that will provide an opportunity to raise the profile of TCC member organizations, educate our state representatives on hospice and palliative medicine, further our state legislative priorities and provide a collective forum for member engagement and action.
